button to change mode and  
do the same thing above

# Special MUSIC - PIANO

If you press the C D E button,  
you will get a random set of

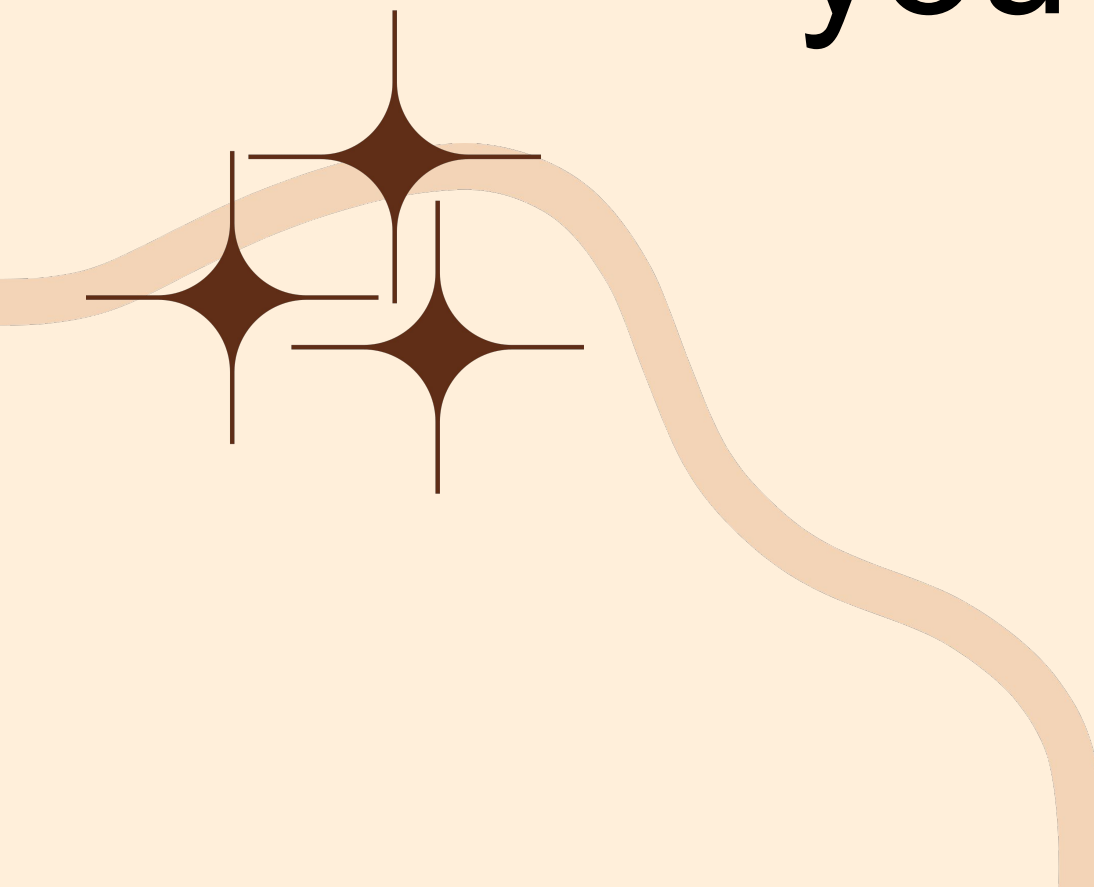

music.

# Special music- VIOLIN

A decorative brown line-art branch with several leaves, positioned in the top right corner of the slide.

If you press the c key five times,  
you will get the theme song in  
reverse.

A decorative brown line-art branch with three star-like floral motifs, positioned in the bottom left corner of the slide.

THANK  
YOU
